# About Innovative Closet Designs

## Get More with ICD

ICD (Innovative Closet Designs) provides high-quality build accessories installed **on budget and on time**.

Founded in 1985, we have the capacity and specialized experience to provide project support for large multi-family buildings, individual units, and common use areas.

Our passion is serving builders and contractors quality products and results that elevate any project.

Through attention to detail, personal service, and quality craftsmanship, we're prepared to help you meet your budget and project needs—and exceed expectations.

# ICD

# Benefits of Working with ICD

- Competitive price points on quality materials and solutions
- Responsive on-staff project coordinators assist with administrative requests, from submittal packages to billing and close-out documents
- Our spacious facility, warehousing, and cutting-edge machinery allow us to efficiently fabricate and store materials for your project to avoid delays
- Full team of commercial estimating staff reviews prints, performs takeoffs, and assists with value engineering
- Your own dedicated project manager handles all field measuring
- Large staff of experienced carpenters, glaziers, and installers ensure your job gets completed correctly the first time
- Insurance coverage meets and exceeds site requirements
- OSHA-certified installation crews
- Familiarity with ADA guidelines
